

## **Art Talk Interviewer**

Are you interested in a unique opportunity to engage in thoughtful, insightful conversations with visual and performing artists?

This volunteer role requires an understanding of the arts and strong interpersonal skills. Interviewers are well-prepared by researching each guest's background, work, and contributions. They create an open and inviting atmosphere during interviews, encouraging guests to share their experiences, challenges, and perspectives on the arts.

Through these interviews, the interviewer not only shares the artists' stories but also plays a crucial role in fostering a deeper appreciation for the arts within the community, thereby creating meaningful dialogue around cultural and artistic issues.

Here is the list of upcoming art talks. Would you like to interview any of the following speakers?

- January 14: Katherine Chesley “Becoming Ladies of History”
- February 4: Olivia Braidà “The Botanical Mastery of O.M. Braidà - A Passion for Plants”
- March 4: Judy Levine “Late Bloomers – Contemporary Women Artists Who Achieved Fame in Their Senior Years”
- April 29: Suzanne Havens “Portraits Then and Now”
- May (date to be determined): Visit Sarasota and Arts & Cultural Alliance of Sarasota County “Summer in the City”

For more specific information about the speakers, please check the individual event listings at [ArtsAdvocates.org](http://ArtsAdvocates.org).
